Before sending documents to WGL

- Confirm the checklist relates to the correct entity, period and deadline.
- Gather source documents before marking an item as ready.
- Use consistent file names and keep a copy of all documents provided.
- Flag gaps, contradictions or missing records in the Notes / gaps column.
- Do not rely on unsupported information without WGL or professional review.
- Where urgent deadlines apply, contact WGL before external submission.

Red flags

- Key documents are missing, outdated or unsigned.
- Different records tell different versions of the same facts.
- No clear owner has been assigned to close gaps.
- Deadlines are unclear or close enough to create avoidable risk.
- Supporting evidence is not organised or cannot be traced.
- The client is under external pressure but the evidence pack is not ready.

Risk rating

Risk rating	Readiness interpretation	Recommended next step
GREEN	Mostly ready. Key records are available, current, complete, and internally consistent.	Proceed with normal review and keep evidence organised.
AMBER	Gaps require attention. Work can proceed, but issues may delay completion or increase review time.	Prioritise the action plan and agree responsibilities with WGL.
RED	Urgent remediation needed. Significant missing records, compliance gaps, unresolved risks, or contradictions exist.	Book a scoping session with WGL before external submission, reliance, or use.
